

## **NOTICE**

We are informing the students enrolled in master's academic studies that the final master's thesis with the previous approval of the supervisor, due to scheduling the master's thesis defense, has to be submitted to the Department of Master's and PhD studies in three printed copies in soft cardboard binding (copies with spiral binding will not be accepted) and also in two copies in electronic version (the CDs have to be marked – cite: name and surname, index number and indication "Master's thesis").

The last page of the Master's thesis has to contain a short biography of the student with the citizenship, place and date of birth information.
